CASKETS

The following caskets listed are those generally available. Additional options may be available in stock or may be available for shipment from the manufacturer for an additional shipping surcharge. Unless otherwise noted, all caskets listed are standard adult size.

Minimum requirements for a casket:

For burial: The least expensive wood casket is suitable and is required by most cemeteries' by-laws for interment, in the interest of the health and safety of the workers involved in the interment process. A metal casket may also be used for burial. A growing number of cemeteries in Ontario offer "green" burials, which may consist of interment of a body without a casket.

For cremation: A body must be presented to the crematorium in a rigid, leak-proof casket that is made of a combustible material, such as wood or cardboard. Caskets containing non-flammable, hazardous material or chlorinated or fibre-reinforced plastic, other than incidental metal, cannot be used for cremation. We offer a selection of inexpensive caskets below that are suitable for cremation.

GUARANTEES

SERVICE SATISFACTION GUARANTEE

Our staff is courteous and understanding. Our facilities are comfortable and immaculate. Our services are handled with dignity and respect. We promise to do whatever it takes to ensure you're satisfied. If our attempts to resolve the issue are not to your complete satisfaction, we will reduce or eliminate the charge. We are the only funeral home in the area to offer this guarantee.

NO HIDDEN FEE GUARANTEE

Funeral and Cremation costs can be very confusing. Often times other funeral & cremation providers may quote what seems like a low price, but actually they do not give you the complete costs and there will be hidden add on charges after you have chosen to utilize their services. We have made it easier to understand by creating our "No Hidden Fee Guarantee".

We guarantee that the price we give you over the phone or in person, will be the price that you will pay. Cash advance items and cemetery expenses are not included: What some funeral homes fail to disclose are the additional fees that may be necessary. These include cemetery expenses, obituaries, honorariums, catering, sales tax, etc. We will be more than happy to provide you a quote so that you will have an estimate that is as accurate as possible. Additional fees unknown to the Funeral Home at the time of quotation are not guaranteed.

PAYMENT, FINANCING AND FUNDING

For services at time of death:

Please speak with our Funeral Directors regarding payment policy.

Financial assistance may be available with Flexiti, or government agencies and only for those who qualify.

We accept Cash, Cheque, Bank Draft, Visa / MasterCard, and E-Transfers sent to staff@TFC.coop

Pre-payment in advance of need:

For services that are being arranged pre-need, we offer two funding options when prepaying services or supplies:

Trust: You pay for the services and supplies at today's price, and we will place your money in a trust account, where it will accrue interest until the prepaid contract is fulfilled (when the services and supplies are delivered). Pre-payment can be made by direct withdrawal or void cheque. Funds are held in the purchaser's name.

Insurance: You may purchase an insurance or annuity policy through us, where the proceeds of the insurance / annuity policy will be used to pay for the services or supplies at the time they are delivered. Payment may be made by credit card or cheque for single payments. Time payment plans may be made by pre-authorized chequing. The policy is held in your name and assigned to the funeral home. Terms and conditions and cancellation policies are set by the Insurance Company.

Guarantee: When paid in full in accordance with the payment terms set out in the prepaid contract, the prepaid contract is guaranteed. The total payment(s) made plus interest / growth earned will be applied to the future price of the services and supplies. If the total payment(s) plus interest / growth earned are insufficient to cover the total future price of the prepaid services and supplies, we will absorb the difference as a loss. Any funds more than the total future price of the prepaid services and supplies will be returned or applied toward additional services, supplies and disbursements purchased at the time of need, as applicable. Conditions apply. Any changes to the prepaid contract may result in the prepaid contract being null and void and a new contract being executed with current pricing at the time changes are made.

Additional information about payment, financing and funding options is available upon request.
