This minimum service charge is applicable to every family we serve and includes transferring the deceased from the place of death (or Coroner's Office, hospital, airport, etc.) to our holding room, where the deceased will be placed in a casket* of your choosing and securely held until the necessary documentation is completed for burial or cremation as applicable. Once the required documentation is ready (i.e. death has been registered and if applicable, the coroner's certificate for cremation / out of province has been obtained), the deceased is transported in a service vehicle to the cemetery or crematorium at the earliest practicable opportunity or at a scheduled time, as applicable.

You may provide a suitable vessel to hold the cremated remains of the recipient, however, this container must be large enough to contain human cremated remains and be easily sealed. We are not responsible for any damage or defect that exists or can take place when placing the cremated remains within. We reserve the right to refuse to fill a purchaser provided urn in the event we feel we may damage it or if the vessel will not securely hold the remains (such as teapots.)

Payments, Financing and Funding

For services at time of death:

Payment is due within 30 days of signing the contract, beyond which interest will be charged at a rate of 2.5%, which is equivalent to 34.49% per annum (APR). Payment may be made by cash, cheque, debit, and most major credit cards.

Financial assistance for funeral, burial and cremation services may be available through various governmental agencies, to those who qualify.

Pre-payment in advance of need:

For services that are being arranged pre-need, we offer two funding options when prepaying services or supplies:

Trust: You pay for the services and supplies at today's price, and we will place your money in a trust account, where it will accrue interest until the prepaid contract is fulfilled (when the services and supplies are delivered). Pre-payment can be made by cash, cheque or credit. Funds are held in the purchaser's name.

Insurance: You may purchase an insurance or annuity policy through us, where the proceeds of the insurance / annuity policy will be used to pay for the services or supplies at the time they are delivered. Payment may be made by credit card or cheque for single payments. Time payment plans may be made by credit card or pre-authorized chequing. The policy is held in your name and assigned to the funeral home. Terms and conditions and cancellation policies are set by the Insurance Company.

Guarantee: When paid in full in accordance with the payment terms set out in the prepaid contract, the prepaid contract is guaranteed. The total payment(s) made plus interest / growth earned will be applied to the future price of the services and supplies. If the total payment(s) plus interest / growth earned are insufficient to cover the total future price of the prepaid services and supplies, we will absorb the difference as a loss. Any funds more than the total future price of the prepaid services and supplies will be returned or applied toward additional services, supplies and disbursements purchased at the time of need, as applicable. Conditions apply. Any changes to the prepaid contract may result in the prepaid contract being null and void and a new contract being executed with current pricing at the time changes are made.
